“ Joanne, I was so sorry to hear of Dennis' passing. My deepest condolences, I'm sure he is up there shooting the breeze with Peter about Water Dept. days. He called me last year to check on me after Peter passed, which showed his sweet caring side. I am sorry we didn't get together once more. Hang in there Joanne, it doesn't get easier but does get better as time goes on. Fondly, Andrea Hart

“ Dennis I have missed you and your wonderful sense of humor and your kindness and compassion you showed me. You were always ready with your sense of humor, your encouragement and your strong work ethic. You were one of the best friends of course I can't forget my other guys like you that were really there for me. Teaching me to drive the Truck and plowing taking the time and making sure my Dad saw me at the Rodeo. I have the best memories of my guy friends from everyone who shared their friendship with me over the years. I was remembering those times and days just the past few weeks. I have those good memories of my friends and you were always there. I miss those who have gone ahead too soon and so young. I will always remember you and my condolences to your wife and family. I am praying for you and wished I had seen you and the others. I will see my friends when I get home to the other side when I am called. My thoughts prayers and love to you and your family

Working along side him at the Water Dept was a enjoyable experience, he brought his own unique game to the table, along with his sense of humor he made the days go by much more quickly.
