“ My condolences to the family. Paul and Beulah were my God parents and I have a special place in my heart for them. Beulah had a great impact on my life with her guidance and love. I took Beulah fishing on my boat in Florida years ago and we had the best time and caught plenty of fish. I can still remember her excitement. For years I have enjoyed her singing. Today I am a better person to have known Beulah.

“ To Noel, June and Andrea - While this is a time of much sadness at the loss of your dear mother, you will undoubtedly derive great comfort from the many wonderful memories of her and your father over the years. I will never forget the long friendship we shared, and of course that "chance" meeting almost 30 years ago in eastern Canada. Their 50th wedding anniversary was such a great occasion, and it was an honour for me to be invited - I still look back fondly at my pictures from that day. Your mother is very much in my thoughts, as of course are all of you, and I wish you every strength over the next few days as you bid her farewell. I do look forward to a visit to the U.S. before too long, where we can have a good visit and reminisce about your folks. Take care of yourselves. With warm thoughts, Dave Kennedy
