“ I would like to thank my immediate family for all thier help and dedication during the last four months during this very difficult time. Special thanks to my aunt Jill and Juanita for thier moral support as well as thier time and dedication in being by my side and helping me care for my mother. I would also like to thank my daughter, Jacquelynn for her help and dedication with the care of my mother in the last few weeks with the constant 24 hour care that my mother needed. Also a very special thank you to the Hospice nurses. Especailly Ruth, Beatta and Kasha. Without special dedicted servants as yourselves, my mother's stay at home would not have been possible. You not only helped me with giving me the strength to help care for my mother and be by her side with the care that she needed but you also gave me the knowledge to understand what I needed to do and how to carry out what needed to be done.

My mother was an amazing woman that cared for the people around her. She took great pride in being a mother, sister, grandmother and especailly great grandmother. I will miss our long talks, car rides, camping and so much more. I will keep you close to my heart always and know that you are now in a better place in which you are at peace. I take comfort knowing that you are with Angelo, Justin, Uncle Jimmy, Grandma & Grandpa. I love you with all my heart.

Until we meet again. Your daughter,
Elisa
