“ In a retirees' newsletter, I just found that Dorothy had passed away last October. To Dorothy's nieces and nephews, please accept my condolences on your loss. I worked with Dorothy from 1986 to 1994, when she retired. She was a records technician at Northeast Utilities in the Distribution Standards department, and she very patiently trained me to replace her position before she retired. She taught me how to pay attention to details and was very helpful. I remember her fondly. I also remember her keen sense of humor and intelligence.
