“ My family and I lived next door to Edie when we were kids. We spent many evenings at their home watching TV and having fun. Her parents were like a second MOM and dad to us. Edie and my twin sister and I "hung out" together .She was a good friend.  
I know she spent some time in Texas and I tried to catch up with her once or twice but it just didnt happen, so we lost touch.  
I wish to express my condolences to her daughters and family .  
God be with you at this difficult time.

“ *Edie and I were the best of friends throughout school and into adulthood. Unfortunately, through the years, we lost contact with one another, however, I have very fond memories of our years of friendship. I wish to express my sincere sympathy to both her daughters and to her entire family.*
