“Ernie was a great friend who had an amazing talent as an award winning ship model builder. I knew Ernie since 2005 when we worked on ship model projects along with our friend Richard "Duff" Griffith who he is now rejoined. Through this friendship in modeling we were able to create museum quality models of highly accurate detail. These activities in ship modeling also created a bond between us like brothers. We took trips to many museum ships and the friendship of the three of us truly rekindled his enthusiasm to continue in his passion of mastering the art of ship modeling when he was struggling with other life issues, and he was able to keep focused in his later years because of the positive results of his talent and work. I will miss Ernie, a genuine loyal friend of the best kind. As a sailor says "Fair winds and following seas".

“ *My dear big brother, what can I say? I'll miss you dearly. Fond memories that I will cherish in my heart forever. Like making a bonfire in a garbage can in the backyard, or talking about 'did you see what happened on Ghost Adventures last night?' And now....no more. Until we meet again big brother...I love you and I bid you farewell. Love your little sis, Jennifer xo*

*P.S. Thank you for being an awesome uncle to Kyle, Carissa, & Asia.*
