“ I grew up in Canada but no summer visit to CT was complete without a visit with Jane and her husband Fred. There were always sweets and hugs in abundance and a kinder soul, particularly with animals, has never lived. I last visited Jane in 2001 when our youngest child was 6 months old, and she had so much fun with our baby.

Jane, thanks for the many wonderful memories, and the love and wisdom that you passed on so freely, you were much loved and you are certainly missed.

*Fondest Love,
Erik*

“ I only met Jane twice. Both times it was to prepare her taxes at the Scarborough Public Library. She was such a gracious lady with such a lovely smile. I am sure that the family will miss that smile and what appeared to me to be a very positive outlook on life and ageing in general.

“ Back in the 70s, when I first became a parent, Mrs. Jurgen gave me a wonderful gift for my babies. They were 2 large books which we read over and over and over again as they were our children's favorite bedtime tales. This tradition of giving books to babies has become one of my own favorite ways to celebrate a new life. My coworkers at school always appreciate the books and I often tell them about Mrs. Jurgen who began it all long ago. Thank you for being such an important part of our lives.
