“ I was Jeffrey's metal shop teacher at Slade Junior High. Although I've had hundreds of students over the years,Jeff was one of my favorites.Some years later,when he was driving school busses,he often stopped in to say hi. I am deeply saddened by his passing and offer my heartfelt condolences to his family and friends.

“ Jeffrey took great pride in making a garden at our friends shop where racecars were built in Berlin.Building and maintaining these cars is a full time job in itself so finding time for the little things in life is sometimes difficult. On a hot summer night,when having a sandwich a nice fresh tomato was just the thing,thanks Jeff.
