“ *I was so sorry to hear about Jennifer's passing. It was just only recently received the news that she had been battling the cancer for as long as she had been. I know that She and I may not have been close, and we may not have kept in touch but I still have some very fond memories of the years that we spent growing up together. There are times that I still talk about some of our escapades together with family and some of friends at work. I hope that she is able to rest peacefully and know that she has family and friends that will be keeping her in their hearts and memories. Please accept my condolences and know that I am sorry to hear of Jennifer's passing. I know that one of the hardest things for her was to have to leave her son's life so early. Hopefully he will know what an exception person she was as he grows. With all my deepest sympathy,*

“ I met Jennifer through her work and over the almost two years we worked together she became a friend and someone I looked forward to speaking with and finding out what adventures the three of you had been on lately though the pictures in her office told the story. The love was obvious. I will miss her and I wish you peace over time. The memories are precious and will never go away.

“ What a great woman! Such a wonderful spirit! Upbeat. Positive. Friendly. Warm. Helpful. Caring. Energetic. Fun. Some of the adjectives that come to mind when I think of Jennifer and all that she added to my life during her exemplary career at our law firm. So grateful for her. I won't forget her.
