“ I remember Jerry was a fun-loving guy. I can remember him visiting my brother Paul, him pulling up with his motorcycle. He had a good heart and a great sense of humor. My prayers go out to all who knew and loved him. I'm sure that he will be missed. Please be consoled and comforted by sweet memories and his zest for living. May Peace and God's Healing Touch be your Strength always.

“ We Have only known Jerry for the past decade or so. During our many trips to Lake Champlain at Henry's Cottages in Alburgh, VT is where We met Jerry, During these times we became good friends and enjoyed our porch chats and his many stories along with a drink or two on the porch. He was a Kind and Generous Man and easy.to feel comfortable with being treated like a close family. He will be sadly missed this year not seeing His smiling friendly face sitting in his chair on the porch. Many fond memories of a Good Friend! Thanks Jerry!! Tight Lines! Our Condolences to Jill and Family!! Ken & Mary Frisbie

“ Jerry was a dear friend I have known for over 40 years. We met on Winchester Lake in CT and later were members of CT Valley Bassmasters together for a number of years. In the late 1990s we rekindled our friendship at Henry's Sportsman's Cottages in Alburgh, VT where he spent many weeks vacationing, fishing, and sitting on the front porch of his cottage drinking Scotch and regaling us with his endless stories. He was always there to help a new guest with fishing tips and friendship. My wife Gwen would always rely on Jerry to bring us Klebasa and Hot Dogs from Rossels in "New Britsky".
We loved him dearly and will miss him tremendously. Save me a place in your boat in heaven and we'll catch a few together my friend. LOVE YOU..

Our sincere condolences to Jill and the Rulewicz family.

“ Deeply sorry for the loss of Jerry. Jerry was my best friend. Whether he was fishing in Vermont or up hunting in northern Maine at the camp, he always took the time to show me how to hunt and fish as a kid until now. I have many great memories with him. He was like a second father to me. What I'm really going to miss is coming home from his house with a truckload of frying pans, kitchen stuff, books, magazines, wood stoves, grills, propane tanks, fishing lures, rods and reels, bullets, and whatever other junk he found on the side of the road. .
Goodbye my friend, I hope you're up there having a beer with my dad telling stories like we did at camp. .. your buddy Steve Dubo
