“ *Friends and Family... The outpouring of Love that has been shared over the loss of our Dear Judy has meant so much to us! We also rejoice in her freedom from the physical pain that she endured for so many of her too few years. We celebrate the fact that she was so fully prepared for her crossing over into Gods Hands, and take solace in the fact that all who knew her loved her. For a person that felt that she had so few friends, she certainly touched so many, so deeply. Thank you all for making our collective loss so much more bearable! God Bless….. Joe & Family*

“ *Dear Joe,
Judy was a lovely, gentle woman, always with a twinkle in her eye. She was wise about so many things but young too. I know the last few years have been hard to bear, for Judy with her illnesses and for you with the pain of seeing her suffer. We call each other sister & brother in the union, but you and Judy have always seemed more like family than "associates." Take care of yourself, Joe. Judy would insist upon that first of all.

“ Every memory I have of Judy is filled with her soft gentle nature. Time and miles interfered with our friendship here on earth and I rejoice that we will be reunited in God's time. I know the strong love Judy had for her family will be a great comfort for them during this time. Sending my love to all her family and friends. Lisa Nephew
