“ Dear Family,  
Your mother was such a wonderful person and I can never put into words just how much she meant to me. For decades she followed every lead to connect with her cousin, my father, Joseph Peter Coppola. In doing so, she found me and gave back the family I always longed to know. My husband and I stayed with your mom when we came to meet "the family" over ten years ago. She made us feel loved and welcome and we will miss her very much.  
With much love and respect,  
Your cousin,  
Vicki Cooper Coppola Wolf

“ I will miss seeing Mickey and chatting with her at work. She was one of the most generous, kind women I've known. I went through a difficult time with my divorce and suddenly being a single mom. I lost my appetite and was losing weight. Mickey was always asking how I was and giving encouraging words and giving me things to eat. She bought me an Angel for my birthday and I will always think of her when I look at it - she was my Angel and she made a difference for me. I'll miss you Mickey!

“ I will always keep the memory of Micky close in my heart. We were such good friends in our teen age years and had a lot of good times together. She was a bridesmaid at our wedding and I will always cherish her memory.

“ *We were very saddened & surprised to hear of Mickey's death. Although we only got to know her during Midge's stay in Hartford Hospital, she was a very kind and warm person. I so enjoyed "talking tours" with her.*

*Our deepest sympathies to her family.*

“ Dear Family and Friends of "Angel Mickey" --  
Yes, she is an Angel, and I only knew her for a short period of time, but during that time she helped me and my husband in so many ways. She watched over me for 35 days while my husband was in the hospital, she made sure I was Okay and always asked about my husband's progress. Everynight, I thought, what a wonderful person she was. One night she told me she had prayer lines in all the parishes... well, guess what... then my husband started to get better and was released. I know it was her prayer lines that helped him and am so grateful to Mickey for her support. I have learned a sad lesson now that Mickey has passed...If you are thinking of someone and are ever so grateful for their love, affection, support, anything... let them know and dont put it off... like I did. We get so busy with life, but life does not wait for us.  
So, Dear Family and friends of Mickey, please know I am so thankful and grateful for the time I had known Mickey. God Bless You, and know that your Angel is at home.  
My deepest sympathy,  
Darlene

“ To The Family of "Mickey":

*Mickey was truly an inspiration to all of us @ New Britain General Hospital. Mickey and I had a special bond, as we were both concerned with patient care, helping the sick and wounded. Your Mom touched me in many ways. She showed me that a smile goes a long, long way. Even in sickness, she never failed to do so. God will bless her for all she has done.*

*God Bless all of you,*
