“ Dear Family,
I was very sorry to read of Marie's death in the Courant.
I was a nurse with Marie on B8E and worked many nights, just me and Marie. I learned plenty from her about nursing she wouldn't like the way things are now and about all of you. She spoke of you all the time. You were whole world and she loved you very much. I feel like I know each one of you - well a few years back.

I too was her guest at the Cape for a weekend and was treated like a queen. The last time I saw Marie was when she was at Hartford for her bypass surgery. I hope her retirement years were good to her. Please accept my sincere sympathy.

“ Karen and Bill I am so very sorry about your mom. I do have to share one of my fondest memories which is of our trip to the Cape. Never as a child did I ever think about how much work it was for your parents to bring you, Linda and I your sister and did she bring a friend also? up there. I do not think that it was much fun for them. We did nothing, they did all the work and fed us like queens the entire time. I still remember that trip as one of our greatest times EVER. She was so very good to me and I will never forget her. I am so very sorry.
Love Barb
