“ My fondest memory of Marge was her cheerfulness and kindness. When you were in her company she always had a smile on her face and was always interested in how YOU were doing. Her interest in her family was first and foremost and she was always there for them. She was a wonderful person with a high energy level and made a loving partner for her husband Don. They had quality time together and lived life to the fullest. I will never forget Marge and I will never forget how kind she was to me. I will miss her dearly.

“ Dear Cousins Kurt, Karen, Caroline and Heidi: Jon and I would like to express our heartfelt thoughts and prayers during this most difficult time. Although sadness consumes your hearts, knowing that Aunt Margie is now with our Lord should bring peace and joy. She's back with Uncle Don and will suffer no more. I'm sorry we could not be with you and the rest of the family to show our respects. Our love, Lori and Jon

“ Hello. My name is Sophie and I went to high school with Marge and worked with her at the VA. You couldn't miss Marge's gregarious smile and real rip-roaring laugh and it was contagious. I admired her work ethic a lot as I spent a few years with her as she was a medical diagnostic coder in the file room. She especially enjoyed Nat King Cole's "Ramblin' Rose" whenever that played on the radio. Of course, sadly I had always admonished Marge to quit smoking, and maybe she did, as I retired in 1995. I was a strong advocate against smoking, in a day when it was not popular, at the VA or anywhere and Marge would smoke all the time in the room, so I feel I did my part to encourage her and others to quit smoking and I know it was a hangover from high school. YOU could go into the bathroom and they were all smoking and if you continued on, that's 50 years of smoking. I'm glad I could share these thoughts with you because I liked Marge a lot. She had that strong 'svenska' character and one on one, she told you straight. She talked a lot about her husband and her children and her sisters, so we all got to know the family even though we never met you. Thank you for hearing my thoughts about my high school friend and co-worker at the VA.
