“ To The Mainieri Family and Ms Jones, I am so sorry that this happened to your loved one, we always ask "Why" did this happen. I don't have the answer for that, the circumstances an outcome is so sad for everyone. I read Matthew's obituary an I was so impressed with all he has accomplished in such a short time. Some of my family are present, retired law enforcement and military members. You would think something would most likely happen in one of these. Again, please except my deepest sympathy an may God be with each of you in the coming days, months and years. Know that Matthew is in God's hands and also be will be your guardian Angel watching over each of you every day. God Bless.

“ From the moment we came to know Matt in Chittenden County, Vermont (cira 1990's), it was clear that he would not be denied a path to becoming a great servant of humanity. His vitality was contagious. His contributions many. The culture of EMS and Law Enforcement is immeasurably better just because of who Matt was.
