“ I was so saddened to read of Michael's unfortunate early passing. Michael was a student in my grade 3 classroom. I remember his high level of activity, his enthusiasm, great humor and charming smile. As I recall he was a friendly and extremely helpful student, willing to please. I think of him often as he gave me a ring that had been in his family and I wear it often and he comes to mind when I place it on my pinky finger. He had a crush on a young girl in his classroom, Erin, at the time and wanted to give her this ring however I checked with his mom first and thus, this is how I acquired the treasure. God bless him now as well as the family he leaves behind.

“ I was friends with Mike at Kennedy middle school and high school ! I will always remember him doing silly things to make me laugh . He was always very caring also . In 9th grade English I was upset and he came out into the hallway to see if I was ok. These are just a couple of memories there are many more. Rest easy sweet friend ! I will see you some day on the other side .
