“ Ms. Nancy Baba, though we have never met, I can only imagine the extraordinary person who you were based off of the impact your son leaves on all of those he surrounds himself with. I thank you for the man you have helped shape for it has an everlasting impact on myself and all of those John aka J.B. has touched. J.B. has one of the most charismatic, humble, and loving souls I have ever come across and I am blessed to call him family. Not only has he helped put me in the position I am currently in, but most importantly he has helped mold the mindset I am grateful to possess today. Rest easy Nancy knowing your spirit forever lives on through J.B. and those he has impacted.

“ Ms. Baba i’ve no doubt you were a person of remarkable character. You are the sole reason why we are able to share precious memories with your outstanding family, your son especially. JB is living proof that your blessings and love are able to be shared through him. He is a man of great upstanding and an even kinder soul than I could ever hope to be. I’ve no doubt in my mind that he will do nothing but great things and spread joy to others for years to come. He’s a brother and a role model to many and i’m extremely proud and blessed to call him my friend.

“ Ms. Baba has taught us the value of loving others and we will be forever thankful. She has blessed our lives and has passed that blessing on with her son, John, who has in turn blessed others. John, you were there for me during one of the toughest points of my life. You pushed me to get out of my parents house and to start taking responsibility for myself. You gave me a proper introduction to the world of cars and how fun they can be, as well as how unpleasant they can be to maintain. All of this is rooted in your kind-hearted generosity. You have become a brother to me. Keep on being you, I know you’re making your mother proud.

“ Ms. Baba I wish you could see the young man you had raised today. He is one of the most generous and caring people I know, and would drop anything at a moments notice to help out a friend. You have left behind a brother to me. Who has helped me when I needed it most, and I'm thankful I was able to be there in high-school when everyone had turned their backs to him. I will always remember our art classes together. And the many great memories we've made since then.

“ Baba, I wouldn't be here without you. Even writing this, is possible because of you. You've reached a point in life where you've become selfless. Everything you do is for the betterment of someone else. Over the past 2 and half years I've gained a brother that I can trust with my life. Someone that I can trust with anything. You've gotten me out of my parents house, you've provided me with an opportunity of a life to start my career/dream of becoming a tuner. Provided me with all the tools for I need to be successful. To Nancy, you have left behind one of the most kind hearted wholesome person I know. He misses you everyday but through him, he will carry on your legacy. Love you brother, thank you

“ I just found out about Nancy's passing. I worked with Nancy for years at Magellan. She always amazed me with her energy. I would get messages from her at all hours of the night. I used to tease her that she had a battery cell attached to her back that kept her in "high-gear" at all times.
I am so sorry for your loss, she will certainly be missed. Just remember you will always have her in your heart and in your memories.

“ We offer our sympathy to JB and Lillian for the passing of Nancy. I spent many hours working with her at Aetna Pharmacy. We traveled together across the country and many 18 hour days to complete a proposal.

“ Nancy and I were great friends in high school. We were in Honors English together, and my father and her mother were colleagues at NU. Nancy was unforgettable...kind, caring, compassionate, and smart as a whip! She knew a lot about everything from movies to mathematic equations. A great conversationalist who had a sharp wit and a keen sense of humor. The world has lost a great deal with her passing.

Rest in peace, dear friend. I will never forget you!

“ Nancy was one of the most delightful, professional and funny people with whom I have ever worked. We remained friends for many years after meeting at work. I remember the joy and love she had as she worked through JB's adoption and anticipated the wonderful changes that would bring to her life. We had a running joke about her being an Empress in Training. Nancy, I officially convey all powers and authority to you as the Empress. You will be missed. JB and Nancy's mother my thoughts and prayers are with you.
