“ Well I am finally getting use to this whole situation,I know for everyone it was very hard, but everyone kept strong and held together.I know that you are watching all your children and your family, now even the family who is 3,000 miles away all you have to do is push a cloud out of the way to see them.And you can finally see what branson missouri looks like without having to drive all the miles.i hope you went to a really great place where everything is perfect with no missing puzzel peices and no cages or fish tanks to clean. Even though your not here in person i know that you are with me and cameron watching us both grow to everything you ever hoped for.I wish that it would have not happend so soon in life but everything happens for a reason. Yours im still trying to figure out and i hope someday soon i will understand it better. I love you with all my heart and I will never ever forget to say hi to you when i wake up in the morning or when I go to sleep at night. You are always in my heart and in my mind. And Cameron will always know who his Grandma is. I love you always...

“ Nancy was A beautiful, Generous and kind hearted person. She was allways there when you needed her. She was allways willing to help you in anyway she could. She was a very special sister and a wonderful mother. She was friendly with everyone. She loved animals. If there was an injured animal she took it home and nursed it back to health. She donated alot of stuff to the hartford hospitol. She devoted all her energy and alot of time to her son Dalton because of the special health problems that he has. She was creative and she loved doing these little projects. She especially liked making puzzles. She could take something that looked plain and make it look really nice. She made a beautiful collage for our 25th wedding Anniversary. We will never forget what she did for all of us. She will be in our hearts forever.

WE LOVE YOU NANCY

“ Tribute To Nancy Oakes

Angelic Butterfly

Transformation comes in many different forms. Sometimes this change can be difficult to bear and other times it may be an expansion of our souls.

As a caterpillar must evolve into a butterfly , a creature thus allowed to freely emanate , so to we as physical beings must some day transform . The essence Nancy generated as a physical being was Angelic. I chose Angelic , for the meaning is one of good-hearted , humble , spiritual , kind , radiant , beautiful , divine and lovely .

These are all key ingredients symbolizing Nancy.

Today her essence has taken on a different form . Along with these key components she has joined with a new spirit. A spirit free to fly , an essence of the Angelic Butterfly .

“ In memory of "Aunt Nanc", there is a lot to be said but most of all for me, my memory will be she was my "Aunt Nanc". To me that is the best gift any person could give someone, acceptance and acknowledgement regardless of blood.

I have been known to the Oakes family as a niece and to me it means a lot more than that. I became a niece by marriage through my step-mother Sue Oakes, who married my father George Ernie Thibodeau. And through this marriage, between the two of them, I have gained a loving, caring family. I have been grateful to all of you over the years in accepting me as one, and in that I greatly respect all of you. To me there will be no greater memory than "Aunt Nanc" opening her heart and arms to me with not even a flinch of hesitation.

Yours truly, your eldest niece, Angie.

“ When somebody dies, a cloud turns into an angel, and flies up to tell God to put another flower on the pillow. A bird gives the message back to the world, and sings a silent prayer that makes the rain cry. People disappear, but they never really go away. Sometimes you can see them dancing in a cloud during the day-time, when they're supposed to be sleeping. They paint the rainbows and also the sunsets and make waves splash and tug at the tide. They toss shooting stars and listen to wishes. And when they sing wind-songs, they whisper to us, "Don't miss me too much. The view is nice and I'm doing just fine." Nancy, you'll always be remembered, and loved in all our hearts. As we say bye to you, we ask that you say Hi to those who now you're with... Rest in peace Nancy... Love, your cousin's, Linda, Lisa, & Paula
