“ My sincere condolences to everyone in Paul's family. I had the pleasure of taking care of Paul at L&M Hospital when he was on 5.2. Paul and I had many conversations about his life and I think he was really at peace with himself. He knew his time was drawing near but he continued to fight and portray a positive attitude. I took care of Paul during his last days at L&M before being transferred to hospice. As he was leaving, he took my hand in his and thanked me for the wonderful care he had received while he was a patient on 5.2. He was so grateful and his kind words brought tears to my eyes. Every nurse has a patient who touches them in a special way. For me, that patient was Paul.

“ To the members of the Havlick family I wish to express how terribly sorry I am to read Paul's obituary. I have not seen Paul in over 30 years. We were Little League Yankees and Mangan League Unico teammates. In fact, David was on the Unico team with me before Paul, and Jim was the manager in my last year when we won the city championship. Getting back to Paul, he was very instrumental in a Unico title game against Exchange. Paul came up to pinchhit in the last inning with 2 outs, 2 runs behind, and runners on 2nd and 3rd, with 2 strikes on him and the sun below the horizon. Paul, in typical feel no pressure, slaps a ball between the first baseman and the bag for a two run double to tie the score. The game was immediately called because of darkness to be replayed at another day. Well, we Unico kicked Exchanges butt for the city championship by a score of 7 to 3. Dave Spring hit a grand slam with the score tied at 3 apiece. But it was Paul who got us there. I'll never forget that. Again, my condolences to Paul's family. I will miss 'Blue Eyes'.”
