“ *Dear Mr. Mount, Nancy, and Cindy,*

Please accept my deepest sympathies regarding the loss of your wife and mother. She was a wonderful woman, and I will never forget the warmth and kindness she showed to me. She believed in me when I most needed it, and for that she will always hold a special place in my heart.

You are in my thoughts and prayers.

*Sincerely,
Denise*

“ *My cousin, my friend, how we will all miss you. We always managed to keep in touch. I remember her as a child and had fun baby sitting her from time to time. She was a beautiful baby and many people stopped and made a fuss over her. She grew up to be a beautiful person and I most remember all our phone calls and in good times and bad we always made each feel better by having a few laughs together. We are thinking about you now Ed and will be remembering you in our thoughts and prayers.*

“ In her early twenties Phyllis and I worked at Landers, Frary & Clark where we met and became friends. Landers was a large company in New Britain which manufactured the "Universal Coffematic" and other small appliances such as irons, travel irons, waffle irons, etc. We also became friends with another girl, Pauline, who lives in Maine and will be saddened as I was by Phyllis's death. Phyllis and I were in the Landers Girls Club and led the group in a minstral show with tap dancing. Phyllis and I took tap dancing lessons and later were in a recital together. It seems laughable now doing something at that age, but we had fun doing it. Phyllis, Pauline and I spent a weekend together in New York City and had fun sighting seeing, shopping and in general hanging out together. However, time has a way of changing things and we drifted apart as friends sometimes do. I do remember Phyllis fondly and would like to extend my condolences to her family from myself and Pauline. May God give them comfort at this sad time.
