“ Yes, Scott was amazing early on in my days in Hartford, Scott was there for me both as a friend and mentor. We shared many fun times together and I will always remember our getting together at Universal Studio Florida. There he greeted my family with his infectious smile.....and through the years Scott was both a generous and caring friend. His personality made him very memorable and special friend.....the world would definitely be a better place if there were more people like Scott.... he will be missed by all that knew him.

RIP Scotty

“ Scott was an amazing friend and his knowledge and passion for the insurance industry was the best. I have never had a co worker quite like Scott. He was always there to lend a hand, whether it was work related or just to pick you up when your spirits were down. An absolute joy to work with...always knew to expect the unexpected! Our long train rides to/from NYC were so much easier having Scott along for the ride. He was a great mentor but an even better friend. He always tried to include all of his friends on his lunches or from throwing his own birthday party every year! I was always thankful to receive that invitation. To all close to him I hope we can all remember him from his healthier days, that smile on his face and knowing he always had your back....a true friend.

RIP Scotty V...one of a kind.....you will be missed.
