“ Sue was a classmate, roommate and good friend. It seems impossible that she is gone. We worked on PEDI together after graduation. She loved kids and was so good with them. I think of her often and was sad to read about her passing. My condolences to her family and friends. I will always remember you Sue. "Cookie".

“ I am so surprised and saddened to hear about Sue's passing. We worked many years together and there was not a night I didn't enjoy knowing she was there. She was an amazing nurse and an amazing person. She was a great teacher. She was caring and truly enjoyed the work she did. It is my honor to have known her. May she rest in peace and know that many people care about her. I will miss you Sue.

“ So sad to hear of Sue's passing. I worked with Sue at NBGH years ago. She was a wonderful, caring nurse who loved her tiny little patients and was an excellent instructor and support person to the families who did not expect their pregnancies to end early or with complication. She helped make everything a little less stressful for families and co-workers. My thoughts and prayers are with Sue's family and loved ones and hope the memories they share will help comfort them.

I pray for Sue to rest in peace knowing someday all of those who cared about her will meet again.

“ I will always remember Sue as a kind and caring person and an outstanding nurse. She had an incredible gift for teaching and I was one of the many fortunate nurses to benefit from that gift. She touched so many lives in so many ways. I offer my deepest sympathies to her family and loved ones. May she rest in peace.

“ I’m so surprised and saddened to hear this news. Sue was one of my first mentors as a new nurse in 1980 at NBGH. She was a wonderful nurse and took special care with her tiny patients, including my own three kiddos. I hope she had a pain free and peaceful transition, and I send my most heartfelt condolences to her family and all those that loved her.

“ Sue was a wonderful woman. I will forever be grateful to have known and worked with and learned from her. An excellent nurse with a wealth of knowledge that she was able to share with her excellent teaching skills. She was so easy to learn from. She was also the one you wanted in any emergent situation, and we certainly shared many over the years. So grateful she shared herself with us, her coworkers, and the countless children she tended to. Our lives were enriched by knowing her.
