“ I just wanted to send my sympathy to the whole family. I got to meet Wendy last year in July when we stayed at her house with the TSOT group, and she was so sweet, and was very caring! She talked to me about so many things, and I many times told Irene that she was such a nice person! I am sorry for the loss, and will pray that the whole family will get through this together, and to remember she is in a better place in peace, looking down at the ones who loved her.

If there is anything I can ever help you with, please feel free to call upon me. You spoke of Wendy so frequently and I know how much you loved her, you could see it in your face. “ In 1957 or 1958, my relatives took me back to the East coast to see Wanda and Art. I will never forget the love and hospitality Wanda showed me. I saw qualities I never recognized before because of our eight-year age difference.

Wanda's qualities never changed over the years. She always put others before herself. She always showed an interest in our family and concern for what they were doing.

Wanda was always happy, even in the recent years of diversity, never complaining but keeping a positive attitude. We will remember her as a true and caring lady. We are thankful we were able to see her this last summer.

Our hearts go out to you, Art, and to your family. She will truly be missed.

“ Dear Art,
My deepest condolences go out to you and your family at the loss of your dear wife. Although I didn't know Wendy personally, I can speak from the heart when I say that she truly had to be a saint. I say that because she raised a family that made her proud and did so while being the loving wife of a policeman, a situation that truly requires a wife to be the nearest thing to a saint. It saddens me not to be able to pay my respects in person, but health problems prohibit this, but I did want you to know that I am thinking of you and your family and you will be in my prayers. GOD BLESS, and remember that I always felt that God takes the most special people to his home to prevent them from pain and suffering, etc, now or in the future. If there is anything I can do to ease your burden, please feel free to contact me.
Respectfully,

“ We will all miss our sister immensely but will always have fond memories of her. Every summer, Wanda would enrich our lives with her visits to Spokane. We enjoyed many family picnics and other outings to various parts of Washington State. She was always happy, a good listener, and had a quick dry sense of humor. She blessed our lives in so many ways. Wanda was a great hostess for those of us that were fortunate to visit with her at her own home. God bless her.
