“ *My sister, my brother, and I have fond memories of Uncle Zane from our childhood. I know my parents do, as well (my mother recalls the many fishing outings they went on together when they were younger). He left a positive imprint on our lives, even though a lot of time has passed since our last meeting. Our thoughts have been with the rest of the family this past week.*

“ Some people will forever leave a void in our lives when they depart, Zane you have given more to us than you may have realized, you never ever complained or let any of your lifes battles affect how you appreciated and enjoyed your friends and family. You were always yourself and we could all count on how we would be greeted when we had a chance to share some time together. Your infectious excitement when you caught fish will always make my heart smile. You will be dearly missed Zane, please tell Pops and the Warden we send our love from Colorado. Till we catch up again upstairs, God bless my friend.

“ Uncle Zane what great memories I will always cherish of you. I remember staying up all night watching scary or Syi-Fi movies in your apartment to ice fishing, turtling, and your jokes or stories. You loved your jewelry, coffee, and not getting a hair cut lol which I think you loved that it pissed off uncle Bryan and Robin more:) Every morning when I get my coffee or watch a scary movie I will always think of you. I will miss you and your unique laugh which I have recorded from your crank call on Christmas Day and will listen to often. I love you and may you rest in peace XOX♥ Love Cuzzy Bear

“ Ahh Zane, It's hard to remember how old we were when we met, our families are intertwined from back when my dad was just a kid. And it started here in Maine and traveled to Ct. I was a kid always in the woods and loved old dogs -hunting dogs ! That was how our families met once again. I found your oldest brothers dog while out running through the woods. Kind of followed me home he did. Of coarse my belt around his neck helped to guide him. After a week he finally was found by Billie or Red, can't remember now. But at any rate I had my Dad bring the dog back and I had to come along to apologize for "borrowing" him. When the old folks got to talking the realized the connection from back home here. My grandfather had built a schoolhouse in the Village of Springfield for your Mothers Gr, Uncle who was Super Intendant of schools in that district. Seems that all of us kids all of you guys allstarted chumming together, fishing camping hunting, Your oldest brothers were a couple of great hunters BTW. I know you are in good company once again, save a good spot for me , I'll be along soon. 'Til then, Rest a while with God, Good Night My Friend. Vinal B
